8 **IN THE UNITED STATES DISTRICT COURT**
FOR THE EASTERN. DISTRICT OF CALIFORNIA
9

10 MASAO HENDRIX, Individually and on behalf)
11 of all others similarly situated,)

12 Plaintiff(s),)

13 vs.)

14 AVKARE, INC.;

15 -and-

16 AMNEAL PHARMACEUTICALS, INC.;

17 -and-

18 JOHN DOES 1-100,

19 Defendants.)

Civil Action No.: 2:20-cv-00676-JAM-EFB

Jury Trial Demanded

Amended Complaint-Class Action

20 **CLASS ACTION COMPLAINT**

21 Plaintiff Masao Hendrix (“Plaintiff”), individually and on behalf of all others similarly
22 situated, brings this action against AvKare, Inc., Amneal Pharmaceuticals, Inc., and John Does 1-1-
23 100 (“Defendants”). Plaintiff’s allegations are based upon personal knowledge, the investigation of
24 counsel, and information and belief.
25

26 **I. INTRODUCTION**

27 1. Plaintiff brings this action on behalf of himself and hundreds of thousands of other
28 metformin consumers who paid for Defendants’ generic Metformin that was adulterated through its

1 products.

2 7. Defendant AvKare, Inc. (“AvKare”) is a Delaware corporation with its principal place
3 of business at 615 N. 1st Street, Pulaski, TN 38478. At all times material to this case, AvKare has
4 been engaged in the manufacturing, sale, and distribution of adulterated and/or misbranded MCDs in
5 the United States. On information and belief, AvKare repackages and/or relabels MCDs manufactured
6 by Amneal.
7

8 8. Defendant Amneal Pharmaceuticals, Inc. (“Amneal”) is a Delaware corporation with
9 its principal place of business at 400 Crossing Blvd., Bridgewater Township, NJ 08807. At all times
10 material to this case, Amneal has been engaged in the manufacturing, sale, and distribution of
11 adulterated and/or misbranded MCDs in the United States.
12

13 **III. JURISDICTION AND VENUE**

14 9. This Court has original jurisdiction pursuant to the Class Action Fairness Act, 28
15 U.S.C. § 1332(d), because (a) at least one member of the proposed class is a citizen of a state different
16 from that of Defendants, (b) the amount in controversy exceeds \$5,000,000, exclusive of interest and
17 costs, (c) the proposed class consists of more than 100 class members, and (d) none of the exceptions
18 under the subsection apply to this action. In addition, this Court has original jurisdiction pursuant to
19 28 U.S.C. § 1331.
20

21 10. This Court has personal jurisdiction over Defendants because Defendants have
22 sufficient minimum contacts in California (and the United States generally), and otherwise
23 intentionally avails themselves of the markets within these states through their business activities,
24 such that the exercise of jurisdiction by this Court is proper and necessary.

25 11. Venue is proper in this District because “a substantial part of the events or omissions”
26 giving rise to the class claims occurred in this District, 28 U.S.C. § 1391(b)(2); and because
27 Defendants are subject to the personal jurisdiction of this Court, 28 U.S.C. § 1391(b)(3).
28

1 **IV. FACTUAL ALLEGATIONS**

2 **A. Metformin Background**

3 12. Metformin is an oral antihyperglycemic drug used as a first-line therapy in the
4 treatment and management of type 2 diabetes. It is often referred to as the “gold standard” of diabetes
5 management because it is well-tolerated and cost-effective.

6 13. Metformin was first discovered in 1922, and first marketed in the United States in
7 1995. Metformin is regarded as so critical to diabetes management that it is listed by the WHO on the
8 WHO’s List of Essential Medicines.

9 14. In 2016, Metformin was the fourth-most prescribed medicine in the United States, with
10 more than 81 million prescriptions dispensed.

11 **B. The Generic Drug Approval Framework**

12 15. The Drug Price Competition and Patent Term Restoration Act of 1984 – more
13 commonly referred to as the Hatch-Waxman Act – is codified at 21 U.S.C. § 355(j).

14 16. Brand drug companies submitting a New Drug Application (“NDA”) are required to
15 demonstrate clinical safety and efficacy through well-designed clinical trials. 21 U.S.C. § 355 *et seq.*

16 17. By contrast, generic drug companies submit an Abbreviated New Drug Application
17 (“ANDA”). Instead of demonstrating clinical safety and efficacy, generic drug companies need only
18 demonstrate bioequivalence to the brand or reference listed drug (“RLD”). Bioequivalence is the
19 “absence of significant difference” in the pharmacokinetic profiles of two pharmaceutical products.
20 21 C.F.R. § 320.1(e).

21 18. The bioequivalence basis for ANDA approval is premised on the generally accepted
22 proposition that equivalence of pharmacokinetic profiles of two drug products is accepted as evidence
23 of therapeutic equivalence. Meaning, if (1) the RLD is proven to be safe and effective for the
24 approved indication through well-designed clinical studies accepted by the FDA, and (2) the generic
25 company has shown that its ANDA product is bioequivalent to the RLD, then (3) the generic ANDA
26
27
28

1 product must be safe and effective for the same approved indication as the RLD.

2 19. In other words, generic drug manufacturers have an ongoing federal duty of sameness
3 in their products. Under 21 U.S.C. § 355(j), the generic manufacturer must show the following things
4 as relevant to this case: the active ingredient(s) are the same as the RLD, § 355(j)(2)(A)(ii); and, that
5 the generic drug is “bioequivalent” to the RLD and “can be expected to have the same therapeutic
6 effect,” *id.* at (A)(iv). A generic manufacturer (like a brand manufacturer) must also make “a full
7 statement of the composition of such drug” to the FDA. *Id.* at (A)(vi); *see also* § 355(b)(1)(C).
8

9 20. And finally, a generic manufacturer must also submit information to show that the
10 “labeling proposed for the new drug is the same as the labeling approved for the [RLD][.]” 21 U.S.C.
11 § 355(j)(2)(A)(v).
12

13 21. Upon granting final approval for a generic drug, the FDA will typically state the
14 generic drug is “therapeutically equivalent” to the branded drug. The FDA codes generic drugs as
15 “A/B rated” to the RLD branded drug. Pharmacists, physicians, and patients can fully expect such
16 generic drugs to be therapeutically interchangeable with the RLD, and generic manufacturers
17 expressly warrant as much through the inclusion of the same labeling as the RLD delivered to
18 consumers in each and every prescription of it generic products.

19 22. According to the FDA, there are more than twenty (20) ANDAs approved for
20 Metformin.
21

22 **C. Background on Current Good Manufacturing Practices (“cGMPs”)**

23 23. Under federal law, pharmaceutical drugs must be manufactured in accordance with
24 cGMPs to assure they meet safety, quality, purity, identity, and strength standards. *See* 21 U.S.C. §
25 351(a)(2)(B).
26

27 24. The FDA’s cGMP regulations are found in 21 C.F.R. Parts 210 and 211. These detailed
28 regulations set forth minimum standards regarding: organization and personnel (Subpart B); buildings
and facilities (Subpart C); equipment (Subpart D); control of components and drug product containers

1 and closures (Subpart E); production and process controls (Subpart F); packaging and label controls
2 (Subpart G); holding and distribution (Subpart H); laboratory controls (Subpart I); records and reports
3 (Subpart J); and returned and salvaged drug products (Subpart K). The FDA has worldwide
4 jurisdiction to enforce these regulations if the facility is making drugs intended to be distributed in
5 the United States.

6
7 25. Any drug not manufactured in accordance with cGMPs is deemed “adulterated” and
8 may not be distributed or sold in the United States. *See* 21 U.S.C. §§ 331(a), 351(a)(2)(B). Drugs are
9 deemed to be adulterated if the manufacturer fails to comply with cGMPs to assure the drugs’ safety,
10 quality, purity, identity, and strength and/or if they are contaminated. *See* 21 U.S.C. § 351(a)(2)(A),
11 (B). Federal law prohibits a manufacturer from directly or indirectly causing adulterated drugs to be
12 introduced or delivered for introduction into interstate commerce. *See id.* § 331(a). States have
13 enacting laws adopting or mirroring these federal standards.
14

15 26. Per federal law, cGMPs include “the implementation of oversight and controls over
16 the manufacture of drugs to ensure quality, including managing the risk of and establishing the safety
17 of raw materials, materials used in the manufacturing of drugs, and finished drug products.” 21 U.S.C.
18 § 351(j). Accordingly, it is a cGMP violation for a manufacturer to contract out prescription drug
19 manufacturing without sufficiently ensuring continuing quality of the subcontractors’ operations.
20

21 27. Indeed, FDA regulations require a “quality control unit” to independently test drug
22 product manufactured by another company on contract:

23
24 There shall be a quality control unit that shall have the responsibility
25 and authority to approve or reject all components, drug product
26 containers, closures, in-process materials, packaging material,
27 labeling, and drug products, and the authority to review production
28 records to assure that no errors have occurred or, if errors have
occurred, that they have been fully investigated. The quality control
unit shall be responsible for approving or rejecting drug products

1 manufactured, processed, packed, or held under contract by another
2 company.

3 21 C.F.R. § 211.22(a).

4 **D. The Valisure Citizen Petition**

5 28. Valisure is an online pharmacy licensed in thirty eight (38) states and also an analytical
6 laboratory accredited by the International Organization for Standardization (“ISO”). Valisure is
7 registered with the Drug Enforcement Administration (Pharmacy: FV7431137, Laboratory:
8 RV0484814) and FDA (FEI #: 3012063246). Valisure has also maintained voluntary registration
9 status with the FDA.

10 29. Valisure states that “its mission is to help ensure the safety, quality and consistency of
11 medications and supplements in the market.”

12 30. On or about March 2, 2020, Valisure submitted a Citizen Petition (“the CP”) to the
13 FDA regarding its findings of high levels of contamination of various generic metformin products
14 with an IARC- and EPA-listed probable human carcinogen known as NDMA.

15 31. Valisure’s CP states that “the presence of NDMA in metformin products may be
16 primarily due to contamination during manufacturing as opposed to a fundamental instability of the
17 drug molecule[.]”

18 32. Specifically with regard to generic Metformin products manufactured by Amneal,
19 Valisure’s testing (which closely followed the FDA own analytical methods) revealed NDMA
20 contamination levels of between 235 and 450 ng/tablet, with levels reaching up to 16.5x the FDA’s
21 interim daily limit in Amneal’s Metformin ER products.

22 33. Although the FDA has consistently stated that no levels of NDMA should be present
23 in prescription drugs, it has set an interim safety limit of 96 ng/day purely out of drug shortage fears
24 if all such products were recalled.

25 **E. Background on NDMA**

26 34. NDMA is a yellow, oily liquid with a faint, characteristic odor and a sweet taste, and
27
28

1 is often produced as a by-product of industrial manufacturing processes.

2 35. The WHO's IARC classifies NDMA as one of sixty-six (66) agents that are "probably
3 carcinogenic to humans" (Classification 2A).

4 36. The U.S. EPA has likewise classified NDMA as a probable human carcinogen by
5 giving it a "B2" rating, meaning that it is "probably carcinogenic to humans" with little or no human
6 data.

7 37. Anecdotally, NDMA has also been used in intentional poisonings.¹

8 38. Most assuredly, NDMA is not an FDA-approved ingredient for generic Metformin.
9 None of Defendants' Metformin products (or any Metformin product, for that matter) identifies
10 NDMA as an ingredient on the products' labels or elsewhere.

11 39. If Defendants had not routinely disregarded the FDA's cGMPs and deliberately
12 manipulated and disregarded sampling data suggestive of impurities, or had fulfilled their quality
13 assurance obligations, Defendants would have found the NDMA contamination almost immediately.

14 40. 21 C.F.R. § 211.110 contains the cGMPs regarding the "Sampling and testing of in-
15 process materials and drug products[.]" Subsection (c) states the following:

16
17
18 In-process materials shall be tested for identity, strength, quality, and
19 purity as appropriate, and approved or rejected by the quality control
20 unit, during the production process, e.g., at commencement or
completion of significant phases or after storage for long periods.

21 21 C.F.R. § 211.110(c).

22 41. And as reproduced above, Defendants' own quality control units are and were
23 responsible for approving or rejecting drug products manufactured, processed, packed, or held under
24 contract by Defendants. If these sampling-related and quality-control-related cGMPs were properly
25 observed by Defendants, the NDMA contamination in Defendants' Metformin products would have
26

27
28 ¹ See Quartz, A COMMON BLOOD-PRESSURE MEDICINE IS BEING RECALLED BECAUSE OF A TOXIC
INGREDIENT, <https://qz.com/1330936/the-fda-is-recalling-a-common-blood-pressure-drug-because-it-was-mixed-with-ndma/> (last accessed Aug. 31, 2018).

1 been discovered almost as soon as the contamination commenced. Defendants were thus on (at
2 minimum) constructive notice that their Metformin products were adulterated from that point
3 forward.

4 **F. Amneal's cGMP Failures**

5 42. As noted in the Valisure Citizen's Petition, "the presence of NDMA in metformin
6 products may be primarily due to contamination during manufacturing." Amneal has been the subject
7 of extensive FDA investigations revealing its seriously flawed and unreliable manufacturing practices
8 and a history of recurring and ongoing cGMP violations.

10 43. Amneal's problematic manufacturing practices were first noted by the FDA as early
11 as 2003, when the FDA cited Amneal because "[t]he assay method of testing stability samples has
12 not been shown to be stability-indicating in that the firm has not demonstrated peak purity for the
13 active peak."

14 44. This inspection would only be the first of such damning inspections conducted by the
15 FDA from 2003 to present. In fact, Amneal's facilities were inspected an astounding 94 times in this
16 time period.

18 45. During one of these most recent inspections in April 2018 of one of Amneal's Indian
19 manufacturing facilities, Amneal was cited for not reviewing, or even requesting to review, raw data
20 from testing outsourced by Amneal to third-party vendors.

22 46. Concomitantly to this inspection in India, Amneal's Piscataway, NJ manufacturing
23 facility was also inspected by the FDA, and the FDA found that Amneal failed to appropriately
24 maintain or create written records of investigations into unexplained discrepancies.

25 47. During a February 2019 inspection, Amneal's Branchburg, NJ manufacturing facility
26 was cited for failure to thoroughly review unexplained discrepancies, and failures of batches to meet
27 set specifications, as well as failure to test all materials provided by component suppliers to validated
28 the information provided by the suppliers.

1 48. As a repackager or relabeler of MCDs, AvKare knew, or should have known, of the
2 foregoing issues with respect to Amneal.

3 **G. Defendants' Warranties and Fraudulent and Deceptive Statements to Consumers**
4 **Regarding Their Generic Metformin Products**

5 49. Each Defendant made and breached express and implied warranties and also made
6 affirmative misrepresentations and omissions to consumers about their adulterated Metformin
7 products.

8 50. The FDA maintains a list of "Approved Drug Products with Therapeutic Equivalence
9 Evaluations" commonly referred to as the Orange Book.² The Orange Book is a public document;
10 Defendants sought and received the inclusion of their products in the Orange Book upon approval of
11 their Metformin ANDAs. In securing FDA approval to market generic Metformin in the United States
12 as an Orange Book-listed therapeutic equivalent to branded MCDs, Defendants were required to
13 demonstrate that their generic Metformin products were bioequivalent to branded MCDs.
14

15 51. Therapeutic equivalence for purposes of generic substitution is a continuing obligation
16 on the part of the manufacturer. For example, according to the FDA's Orange Book, therapeutic
17 equivalence depends in part on the manufacturer's continued compliance with cGMPs.
18

19 52. By introducing their respective Metformin products into the United States market
20 under the name "Metformin" as a therapeutic equivalent to branded MCDs and with the FDA-
21 approved label that is the same as that of branded MCDs, Defendants represent and warrant to end
22 users that their products are in fact the same as and are therapeutically interchangeable with branded
23 MCDs.

24 53. In addition, each Defendant's Metformin product is accompanied by an FDA-
25

26 _____
27 ² FDA, APPROVED DRUG PRODUCTS WITH THERAPEUTIC EQUIVALENCE EVALUATIONS (ORANGE
28 BOOK) SHORT DESCRIPTION, *at*
<https://www.fda.gov/drugs/informationondrugs/approveddrugs/approveddrugproductswiththerapeuticequivalenceevaluationsorangebook/default.htm> (last accessed Mar 3, 2020).

1 approved label and/or medication guide (aka patient leaflet or patient information). By presenting
2 consumers with FDA-approved Metformin labels and/or medication guides, Defendants, as generic
3 manufacturers of Metformin, made representations and express or implied warranties to consumers
4 of the “sameness” of their products to branded MCDs, and that their products were consistent with
5 the safety, quality, purity, identity, and strength characteristics reflected in the FDA-approved labels,
6 medication guides, and/or were not adulterated or contained no other active ingredients other than
7 those reflected in the FDA-approved labels and/or medication guides.
8

9 54. In addition, on information and belief, each Defendant affirmatively misrepresented
10 and warranted to consumers through their websites, brochures, and other marketing or informational
11 materials that their Metformin product complied with cGMPs and did not contain (or were not likely
12 to contain) any ingredients besides those identified on the products’ FDA-approved labels.
13

14 55. The presence of NDMA in Defendants’ Metformin: (1) renders Defendants’
15 Metformin products non-bioequivalent (*i.e.*, not the same) to branded MCDs and thus non-
16 therapeutically interchangeable with them, thus breaching Defendants’ express warranties of
17 sameness; (2) was the result gross deviations from cGMPs thus rendering Defendants’ Metformin
18 products non-therapeutically equivalent to branded MCDs, thus breaching Defendants’ express
19 warranties of sameness; and (3) results in Defendants’ Metformin containing an ingredient that is not
20 also contained in branded MCDs, also breaching Defendants’ express warranty of sameness (and
21 express warranty that the products contained the ingredients listed on each Defendant’s FDA-
22 approved label). Each Defendant willfully, recklessly, and/or negligently failed to ensure their
23 Metformin products’ labels and other advertising or marketing statements accurately conveyed
24 information about their products.
25

26 56. At all relevant times, Defendants have also impliedly warranted that their Metformin
27 products were merchantable and/or fit for their ordinary purposes.
28

57. Naturally, due to its status as a probable human carcinogen as listed by both the IARC

1 and the U.S. EPA, NDMA is not an FDA-approved ingredient in Metformin. The presence of NDMA
2 in Defendants' Metformin means that Defendants have violated implied warranties to Plaintiff and
3 Class Members. The presence of NDMA in Defendants' Metformin results in Defendants' Metformin
4 products being non-merchantable and not fit for its ordinary purposes (i.e., as a therapeutically
5 interchangeable generic version of branded MCDs), breaching Defendants' implied warranty of
6 merchantability and/or fitness for ordinary purposes.

7
8 58. For these and other reasons, Defendants' Metformin is therefore adulterated it was
9 illegal for Defendants' to have introduced such Metformin in the United States. *See* 21 U.S.C.
10 §§ 331(a), 351(a)(2)(B).

11 59. Adulterated Metformin is essentially worthless. No consumer would purchase an
12 adulterated Metformin product or is even allowed to purchase adulterated Metformin product because
13 it was illegally introduced into the United States. This is especially so given that alternative, non-
14 adulterated Metformin products or competing medications with the same approved indications were
15 available from other manufacturers.

16
17 60. Further, each Defendant is obligated under the Drug Supply Chain Security Act to
18 quarantine and investigate potentially illegitimate (including adulterated and/or misbranded) drugs.
19 AvKare, Amneal, and John Does each knew or should have known, based on information provided
20 or available from each manufacturer or wholesaler, of the actual or potential adulteration,
21 misbranding, or contamination of MCDs they purchased from manufacturer defendants. Retail
22 Pharmacy Defendants expressly or impliedly warranted MCDs they sold were not adulterated,
23 misbranded, or contaminated, when in fact that was not the case.

24 25 **H. John Doe Wholesaler and Dispensing Entities**

26 61. Defendants John Doe 1-100 constitute one or more additional pharmacies and/or
27 wholesalers that distributed adulterated, misbranded, and/or unapproved MCDs that were ultimately
28 purchased by Plaintiff and other consumer class members. The true names, affiliations, and/or

1 capacities of John Doe Pharmacies and Wholesalers are not presently known. However, each John
2 Doe proximately caused damages to Plaintiff and class members as alleged below, and each John Doe
3 is liable to Plaintiffs for the acts and omissions alleged below as well as the resulting damages.
4 Plaintiffs will amend this Complaint when evidence from discovery reveals their identities.

5
6 62. The Wholesaler John Doe Defendants are obligated under the Drug Supply Chain
7 Security Act to quarantine and investigate potentially illegitimate (including adulterated and/or
8 misbranded) drugs. Wholesaler Defendants knew or should have known, based on information
9 provided or available from each manufacturer defendant, of the actual or potential adulteration,
10 misbranding, or contamination of metformin they purchased from manufacturer defendants.
11 Wholesaler Defendants expressly or impliedly warranted metformin they sold were not adulterated,
12 misbranded, or contaminated, when in fact that was not the case.

13
14 **I. Fraudulent Concealment and Tolling**

15 63. Plaintiff and Class Members causes of action accrued on the date the Valisure CP was
16 filed, or has not even accrued yet legally.

17 64. Alternatively, any statute of limitation or prescriptive period is equitably tolled on
18 account of fraudulent concealment. Defendants each affirmatively concealed from Plaintiff and other
19 Class Members their unlawful conduct. Each Defendant affirmatively strove to avoid disclosing their
20 knowledge of Defendants' cGMP violations with respect to Metformin, and of the fact that their
21 Metformin products were adulterated and contaminated with NDMA, and were not the same as
22 branded MCDs.

23
24 65. For instance, no Defendant revealed to the public that their Metformin product
25 contained NDMA or was otherwise adulterated or non-therapeutically equivalent to branded MCDs.

26 66. To the contrary, each Defendant continue to represent and warrant that their generic
27 Metformin products were the same as and therapeutically interchangeable with branded MCDs by
28 their failure to recall them.

1 67. Because of this, Plaintiff and other Class Members did not discover, nor would they
 2 discover through reasonable and ordinarily diligence, each Defendant's deceptive, fraudulent, and
 3 unlawful conduct alleged herein. Defendants' false and misleading explanations, or obfuscations,
 4 lulled Plaintiff and Class Members into believing that the prices paid for Metformin were appropriate
 5 for what they believed to be non-adulterated drugs despite their exercise of reasonable and ordinary
 6 diligence.

8 68. As a result of each Defendant's affirmative and other acts of concealment, any
 9 applicable statute of limitations affecting the rights of Plaintiff and other Class Members has been
 10 tolled. Plaintiff and/or other Class Members exercised reasonable diligence by among other things
 11 promptly investigating and bringing the allegations contained herein. Despite these or other efforts,
 12 Plaintiff were unable to discover, and could not have discovered, the unlawful conduct alleged herein
 13 at the time it occurred or at an earlier time so as to enable this complaint to be filed sooner.

15 **J. Plaintiff Masao Hendrix Individual Facts**

16 69. Plaintiff Masao Hendrix is a citizen and resident of El Dorado Hills, California.

17 70. The following table represents information for Plaintiff Hendrix's purchases of
 18 Defendants' Metformin products from Express Scripts:

Date	NDC	Manufacturer	Medication
6/3/2013	62756 0142 01	Sun Pharmaceutical	Metformim 500mg
6/3/2013	42291 0610 36	AvKare	Metformim 500mg

13	10/1/2019	42291 0610 10	AvKare	Metformim 500mg
14	12/13/2019	42291 0610 10	AvKare	Metformim 500mg

71. Plaintiff Hendrix paid some or all of the purchase price for many of his metformin prescriptions and/or refills listed above, as well as others potentially.

72. The generic Metformin purchased by Plaintiff Hendrix manufactured by Defendants was not therapeutically equivalent to branded MCDs, was manufactured out of compliance with cGMPs, and was adulterated by its contamination with NDMA.

73. Defendants' generic Metformin was sold illegally to Plaintiff Hendrix.

V. CLASS ACTION ALLEGATIONS

74. Plaintiff brings this action both individually and as a class action pursuant to Fed. R. Civ. P. 23(a), 23(b)(2) and 23(b)(3) against Defendants on their own behalf and on behalf of the Nationwide Class defined below:

All individuals in the United States of America and its territories and possessions who, since January 1, 1995, paid part or all of the purchase price, for personal consumption or for a family or household member, of a generic metformin product manufactured by or for Defendants.

75. In the alternative, Plaintiff alleges sub-classes for all individuals in each State, territory, or possession (including specifically California) who, since at least January 1, 1995, paid part or all of the purchase price, for personal consumption or for a family or household member, of a generic metformin product manufactured by or for Defendants. Collectively, the foregoing

1 Nationwide Class and alternative state sub-class are referred to as the “Class.”

2 76. Excluded from the Class are: (a) any Judge or Magistrate presiding over this action,
3 and members of their families; (b) Defendants and affiliated entities, and their employees, officers,
4 directors, and agents; (c) Defendants’ legal representatives, assigns and successors; and (d) all persons
5 who properly execute and file a timely request for exclusion from any Court-approved class.
6

7 77. Plaintiff reserves the right to narrow or expand the foregoing class definition, or to
8 create subclasses as the Court deems necessary.

9 78. Plaintiff meets the prerequisites of Rule 23(a) to bring this action on behalf of the
10 Class.

11 79. **Numerosity:** While the exact number of Class Members cannot be determined without
12 discovery, they are believed to consist of potentially millions of Metformin consumers nationwide.
13 The Class Members are therefore so numerous that joinder of all members is impracticable.
14

15 80. **Commonality:** Common questions of law and fact exist as to all Class Members,
16 including but not limited to:

- 17 a. Whether each Defendant made express or implied warranties of “sameness” to Plaintiff and
18 Class Members regarding their generic Metformin products;
19 b. Whether each Defendant’s Metformin product was in fact the same as branded MCDs
20 consistent with such express or implied warranties;
21 c. Whether each Defendant’s Metformin product was contaminated with NDMA;
22 d. Whether each Defendant’s Metformin product containing NMDA was adulterated;
23 e. Whether Defendants violated cGMPs regarding the manufacture of their Metformin products;
24 f. Whether each Defendant affirmatively misrepresented or omitted facts that its Metformin
25 product was the same as branded MCDs and thus therapeutically interchangeable;
26 g. Whether each Defendant affirmatively misrepresented or omitted facts regarding its
27 compliance with cGMPs and/or was not adulterated;
28

- 1 h. Whether Plaintiff and other Class Members have been injured as a result of each Defendant's
- 2 unlawful conduct, and the amount of damages;
- 3 i. Whether a common damages model can calculate damages on a classwide basis;
- 4 j. When Plaintiff's and Class Members' causes of action accrued;
- 5 k. Whether Defendants fraudulently concealed Plaintiff's and Class Members' causes of action.

6 81. **Typicality:** Plaintiff's claims are typical of Class Members' claims. Plaintiff and
7 Class Members all suffered the same type of economic harm. Plaintiff have substantially the same
8 interest in this matter as all other Class Members, and their claims arise out of the same set of facts
9 and conduct as all other Class Members.

10 82. **Adequacy of Representation:** Plaintiff is committed to pursuing this action and have
11 retained competent counsel experienced in pharmaceutical litigation, consumer fraud litigation, class
12 action, and federal court litigation. Accordingly, Plaintiff and their counsel will fairly and adequately
13 protect the interests of Class Members. Plaintiff's claims are coincident with, and not antagonistic to,
14 those of the other Class Members they seek to represent. Plaintiff has no disabling conflicts with Class
15 Members and will fairly and adequately represent the interests of Class Members.

16 83. The elements of Rule 23(b)(2) are met. Defendants have acted on grounds that apply
17 generally to Class Members so that preliminary and/or final injunctive relief and corresponding
18 declaratory relief is appropriate respecting the Class as a whole.

19 84. The elements of Rule 23(b)(3) are met. Here, the common questions of law and fact
20 enumerated above predominate over the questions affecting only individual Class Members, and a
21 class action is the superior method for fair and efficient adjudication of the controversy. Although
22 many other Class Members have claims against Defendants, the likelihood that individual Class
23 Members will prosecute separate actions is remote due to the time and expense necessary to conduct
24 such litigation. Serial adjudication in numerous venues is furthermore not efficient, timely or proper.
25 Judicial resources will be unnecessarily depleted by resolution of individual claims. Joinder on an
26
27
28

1 individual basis of thousands of claimants in one suit would be impractical or impossible. In addition,
2 individualized rulings and judgments could result in inconsistent relief for similarly situated Plaintiff.
3 Plaintiff's counsel, highly experienced in pharmaceutical litigation, consumer fraud litigation, class
4 actions, and federal court litigation, foresee little difficulty in the management of this case as a class
5 action.

6
7 **FIRST CAUSE OF ACTION**
8 **BREACH OF EXPRESS WARRANTIES**
9 **(INDIVIDUALLY AND ON BEHALF OF THE CLASS)**

10 85. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
11 herein.

12 86. Plaintiff, and each member of the Class, formed a contract with Defendants at the time
13 Plaintiff and the other Class members purchased the MCDs. The terms of the contract include the
14 promises and affirmations of fact made by Defendants on the MCDs' packaging and through
15 marketing and advertising, including that the product would be bioequivalent to the name-brand
16 medication, and would be of same "quality" and have the same safety and efficacy profile as the RLD.
17 This labeling, marketing, and advertising constitute express warranties and became part of the basis
18 of the bargain, and are part of the standardized contract between Plaintiff and the members of the
19 Class and Defendants.

20 87. Each Defendant expressly warranted that its MCDs were fit for its ordinary use, i.e.,
21 as an FDA-approved generic pharmaceutical that is therapeutically equivalent to and interchangeable
22 with their RLDs. In other words, Defendants expressly warranted that their products were the same
23 as their RLDs.

24 88. Each Defendant sold MCDs that they expressly warranted were compliant with cGMP
25 and not adulterated or misbranded.

26 89. Each Defendant's MCDs did not conform to each Defendant's express representations
27 and warranties because the product was not manufactured in compliance with cGMP and was
28

1 adulterated and misbranded.

2 90. At all times relevant all fifty States and the District of Columbia and Puerto Rico have
3 codified and adopted the provisions of the Uniform Commercial Code governing the implied warranty
4 of merchantability and fitness for ordinary purpose: Ala. Code § 7-2-313; Alaska Stat. § 45.02.313;
5 Ariz. Rev. Stat. Ann. § 47-2313; Ark. Code. Ann. § 4-2-313; Cal. Com. Code § 2313; Colo. Rev.
6 Stat. § 4-2-313; Conn. Gen. Stat. Ann. § 42a-2-313; 6 Del. Code. § 2-313; D.C. Code. § 28:2-313;
7 Fla. Stat. Ann. § 672.313; Ga. Code. Ann. § 11-2-313; Haw. Rev. Stat. § 490:2-313; Idaho Code §
8 28-2-313; 810 Ill. Comp. Stat. Ann. 5/2-313; Ind. Code Ann. § 26-1-2-313; Kan. Stat. Ann. § 84-2-
9 313; Ky. Rev. Stat. Ann. § 355.2-313; 11 Me. Rev. Stat. Ann. § 2-313; Md. Code. Ann. § 2-313;
10 Mass. Gen. Law Ch. 106 § 2-313; Mich. Comp. Laws Ann. § 440.2313; Minn. Stat. Ann. § 336.2-
11 313; Miss. Code Ann. § 75-2-313; Mo. Rev. Stat. § 400.2-313; Mont. Code Ann. § 30-2-313; Nev.
12 Rev. Stat. U.C.C. § 104.2313; N.H. Rev. Ann. § 382-A:2-313; N.J. Stat. Ann. § 12A:2-313; N.M.
13 Stat. Ann. § 55-2-313; N.Y. U.C.C. Law § 2-313; N.C. Gen. Stat. Ann. § 25-2-313; N.D. Stat. § 41-
14 02-313; Ohio Rev. Code Ann. § 1302.26; Okla. Stat. tit. 12A § 2-313; Or. Rev. Stat. § 72.3130; 13
15 Pa. C.S. § 2313; P.R. Laws. Ann. Tit. 31, § 3841, *et seq.*; R.I. Gen. Laws § 6A-2-313; S.C. Code
16 Ann. § 36-2-313; S.D. Stat. § 57A-2-313; Tenn. Code Ann. § 47-2-313; Tex. Bus. & Com. Code
17 Ann. § 2-313; Utah Code Ann. § 70A-2-313; Va. Code § 8.2-313; Vt. Stat. Ann. 9A § 2-313; W.
18 Va. Code § 46-2-313; Wash. Rev. Code § 62A 2-313; Wis. Stat. Ann. § 402.313 and Wyo. Stat. §
19 34.1-2-313.
20
21
22

23 91. At the time that each Defendant marketed and sold its MCDs, they recognized the
24 purposes for which the products would be used, and expressly warranted the products were the same
25 as their RLDs, and cGMP compliant and not adulterated or misbranded. These affirmative
26 representations became part of the basis of the bargain in every purchase by Plaintiffs and other Class
27 Members including but not limited to express representations made in referring to their MCDs as
28 “metformin.”

1 92. Each Defendant breached its express warranties with respect to its MCDs as they were
2 not of merchantable quality, were not fit for their ordinary purpose, and did not comply with cGMP
3 and was adulterated and misbranded.

4 93. Plaintiff and each member of the Class would not have purchased the MCDs had they
5 known these drugs were not the same as the RLD, did not contain the same ingredients, did not have
6 the same safety and efficacy profile of the RLD, and contained NDMA.

7 94. As a direct and proximate result of each Defendant's breach of implied warranty,
8 Plaintiff and other Class Members have been injured and suffered damages in the amount of the
9 purchase price of their medications, the purchase price of any replacement medications, and any
10 consequential damages resulting from the purchases, in that the MCDs they purchased were so
11 inherently flawed, unfit, or unmerchantable as to have no market value.
12

13
14 **SECOND CAUSE OF ACTION**
15 **BREACH OF IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS**
16 **(INDIVIDUALLY AND ON BEHALF OF THE CLASS)**

17 95. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
18 herein.

19 96. At all times relevant all fifty States and the District of Columbia and Puerto Rico have
20 codified and adopted the provisions of the Uniform Commercial Code governing the implied warranty
21 of merchantability and fitness for ordinary purpose: Ala. Code § 7-2-314; Alaska Stat. § 45.02.314;
22 Ariz. Rev. Stat. Ann. § 47-2314; Ark. Code. Ann. § 4-2-314; Cal. Com. Code § 2314; Colo. Rev.
23 Stat. § 4-2-314; Conn. Gen. Stat. Ann. § 42a-2-314; 6 Del. Code. § 2-314; D.C. Code. § 28:2-314;
24 Fla. Stat. Ann. § 672.314; Ga. Code. Ann. § 11-2-314; Haw. Rev. Stat. § 490:2-314; Idaho Code §
25 28-2-314; 810 Ill. Comp. Stat. Ann. 5/2-314; Kan. Stat. Ann. § 84-2-314; Ky. Rev. Stat. Ann. §
26 355.2-314; La. Civ. Code Ann. Art. § 2520; 11 Me. Rev. Stat. Ann. § 2-314; Md. Code. Ann. § 2-
27 314; Mass. Gen. Law Ch. 106 § 2-314; Mich. Comp. Laws Ann. § 440.2314; Minn. Stat. Ann. §
28 336.2-314; Miss. Code Ann. § 75-2-314; Mo. Rev. Stat. § 400.2-314; Mont. Code Ann. § 30-2-314;

1 Nev. Rev. Stat. U.C.C. § 104.2314; N.H. Rev. Ann. § 382-A:2-314; N.J. Stat. Ann. § 12A:2-314;
2 N.M. Stat. Ann. § 55-2-314; N.Y. U.C.C. Law § 2-314; N.C. Gen. Stat. Ann. § 25-2-314; N.D. Stat.
3 § 41-02-314; Ohio Rev. Code Ann. § 1302.27; Okla. Stat. tit. 12A § 2-314; Or. Rev. Stat. § 72.3140;
4 13 Pa. C.S. § 2314; P.R. Laws. Ann. Tit. 31, § 3841, et seq.; R.I. Gen. Laws § 6A-2-314; S.C. Code
5 Ann. § 36-2-314; S.D. Stat. § 57A-2-314; Tenn. Code Ann. § 47-2-314; Tex. Bus. & Com. Code
6 Ann. § 2-314; Utah Code Ann. § 70A-2-314; Va. Code § 8.2-314; Vt. Stat. Ann. 9A § 2-314; W.
7 Va. Code § 46-2-314; Wash. Rev. Code § 62A 2-314; Wis. Stat. Ann. § 402.314 and Wyo. Stat. §
8 34.1-2-314.
9

10 97. Defendants were all merchants within the meaning of the above statutes.

11 98. Defendants' MCDs drugs constituted "goods" or the equivalent within the meaning of
12 the above statutes.

13 99. Each Defendant was obligated to provide Plaintiff and other Class Members
14 reasonably fit MCDs for the purpose for which the product was sold, and to conform to the standards
15 of the trade in which Defendants are involved such that the product was of fit and merchantable
16 quality.
17

18 100. Each Defendant knew or should have known that its MCDs were being manufactured
19 and sold for the intended purpose of human consumption as a therapeutic equivalent to their RLDs
20 (or is strictly liable in the event of lack of actual or constructive knowledge), and impliedly warranted
21 that their MCDs were of merchantable quality and fit for that purpose.
22

23 101. Each Defendant breached its implied warranty because each Defendant's MCDs were
24 not of merchantable quality, nor fit for the product's ordinary purpose, and did not conform to the
25 standards generally applicable to such goods.

26 102. Plaintiff and other Class members purchased the MCDs in reliance upon Defendants'
27 skill and judgment and the implied warranties of fitness for the purpose.
28

103. The MCDs were not altered by Plaintiff or Class members.

1 is entitled to receive an award of attorneys' fees and expenses and pray for the same.

2
3 **FOURTH CAUSE OF ACTION**
4 **FRAUD**
5 **(AFFIRMATIVE MISREPRESENTATION, OMISSION, AND CONCEALMENT)**
6 **(INDIVIDUALLY AND ON BEHALF OF THE CLASS)**

7 113. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
8 herein.

9 114. This cause of action is alleged on behalf of consumer Class Members against all
10 Defendants.

11 115. Defendants affirmatively misrepresented material facts including, *inter alia*, that their
12 MCDs were therapeutically equivalent to their RLDs and/or complied with cGMPs and/or were not
13 adulterated and/or misbranded.

14 116. Defendants omitted material facts including, *inter alia*, that their MCDs were not
15 therapeutically equivalent to their RLDs and did not comply with cGMPs and/or were adulterated,
16 misbranded, and/or unapproved.

17 117. Defendants' actions had the effect of fraudulently inducing customers to pay in whole
18 or in part for Defendants' MCDs – products which Defendants knew or should have known were not
19 therapeutically equivalent to their RLDs and/or did not comply with GMPs and/or were adulterated
20 and/or misbranded. Plaintiffs and other Class Members would not have purchased Defendants' MCDs
21 had they known the truth. Indeed, Plaintiffs and other Class Members could not have paid for
22 Defendants' MCDs had they known the truth because Defendants' MCDs were illegally
23 manufactured, illegally imported, illegally distributed, and illegally sold to Plaintiffs and Class
24 Members based on Defendants' fraudulent misrepresentations and omissions.
25

26 118. Defendants knew, or reasonably should have known, that their misrepresentations
27 were materially false or misleading, or that the omission of material facts rendered such
28

1 representations false or misleading.

2 119. Defendants also knew, or had reason to know, that their misrepresentations and
3 omissions would induce Class members to pay for some or all of the cost of Defendants' MCDs.

4 120. Defendants' misrepresentations and omissions were material.

5 121. Defendants' actively concealed their misrepresentations and omissions from the Class,
6 government regulators, and the public.

7 122. To the extent applicable, Defendants intended their misrepresentations and omissions
8 to induce Plaintiffs and other Class Members to pay for Defendants' MCDs.

9 123. But for these misrepresentations and omissions, Plaintiffs and other Class Members
10 would have not have paid for Defendants' MCDs.

11 124. To the extent applicable, Plaintiffs and other Class Members were justified in relying
12 on Defendants' misrepresentations and omissions. The same or substantively identical
13 misrepresentations and omissions were communicated, to each Class member, including through
14 product labeling and other statements by Defendants. No reasonable consumer would have paid what
15 they did for Defendants' MCDs but for Defendants' unlawful conduct. To the extent applicable,
16 reliance may be presumed in these circumstances.

17 125. Plaintiff and other Class Members were damaged by reason of Defendants'
18 misrepresentations and omissions alleged herein.

19
20
21
22 **FIFTH CAUSE OF ACTION**
23 **NEGLIGENT MISREPRESENTATION AND OMISSION**
24 **(INDIVIDUALLY AND ON BEHALF OF THE CLASS)**

25 126. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
26 herein.

27 127. This cause of action is alleged on behalf of consumer Class Members against all
28 Defendants.

128. Each Defendant had or undertook a duty to accurately and truthfully represent to the

1 quality, nature, and characteristics of its MCDs.

2 129. Each Defendant failed to exercise ordinary care in making representations (or in failing
3 to disclose facts) concerning the quality, nature, and characteristics of its MCDs.

4 130. Each Defendant negligently misrepresented or omitted facts regarding the quality,
5 nature, and characteristics of its MCDs.

6 131. Each Defendant's statements were false at the time the misrepresentations were made
7 (or at the time omissions were not made).

8 132. Each Defendant knew, or reasonably should have known, that its representations
9 alleged herein were materially false or misleading, or that omission of material facts rendered such
10 representations false or misleading. Each Defendant also knew, or had reason to know, that its
11 misrepresentations and omissions would induce Class members to make purchases of each
12 Defendant's MCDs.
13

14 133. As a direct and proximate result of each Defendant's acts and omissions described
15 herein, Plaintiffs and other Class Members have suffered harm, and will continue to do so.
16

17 134. Each Defendant's misrepresentations or omissions were material and a substantial
18 factor in Plaintiffs' and other Class Members' paying for MCDs.

19 135. Each Defendant intended its misrepresentations or omissions to induce Plaintiff and
20 Class members to make purchases of MCDs, or had reckless disregard for same.
21

22 136. But for these misrepresentations (or omissions), Plaintiffs and other Class Members
23 would not have made purchases of Defendants' MCDs.

24 137. Plaintiff and other Class Members were justified in relying on Defendants'
25 misrepresentations or omissions. The same or substantively identical misrepresentations were
26 communicated, and/or the same or substantively identical omissions were not communicated, to each
27 Class Member.
28

138. Plaintiff and other Class Members were damaged by reason of each Defendant's

1 misrepresentations or omissions alleged herein.

2
3 **SIXTH CAUSE OF ACTION**
4 **VIOLATION OF STATE CONSUMER PROTECTION LAWS**
5 **(INDIVIDUALLY AND ON BEHALF OF THE CLASS)**

6 139. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
7 herein.

8 140. This cause of action is alleged on behalf of consumer Class Members against all
9 Defendants.

10 141. Each Defendant has violated the consumer protection statutes as follows:

- 11 a. Defendants have engaged in unfair competition or unfair or deceptive acts or
12 practices in violation of Ala. Code § 8-19-1, *et seq.*;
- 13 b. Defendants have engaged in unfair competition or unfair or deceptive acts or
14 practices in violation of Alaska Stat. § 45.50.471, *et seq.*;
- 15 c. Defendants have engaged in unfair competition or unfair or deceptive acts or
16 practices in violation of Arizona Rev. Stat. § 44-1522, *et seq.*;
- 17 d. Defendants have engaged in unfair competition or unfair or deceptive acts or
18 practices in violation of Ark. Code § 4-88-101, *et seq.*;
- 19 e. Defendants have violated the California Unfair Competition Law by engaging
20 in unfair or deceptive acts or practices in violation of Cal. Bus. Prof. Code §
21 17200, *et seq.*;
- 22 f. Defendants have violated the California Consumers Legal Remedies Act, Cal.
23 Civ. Code §§ 1750, *et seq.*;
- 24 g. Defendants have violated the California False Advertising Law, Cal. Bus. &
25 Prof. Code §§ 17500, *et seq.*
- 26 h. Defendants have engaged in unfair competition or unfair or deceptive acts or

- 21 the Commonwealth of Puerto Rico.
- 22
- 23
- 24

25 142. Each Defendant's conduct constitutes trade or commerce or other actionable activity
26 within the meaning of the above statutes.

27 143. Each Plaintiff and other Class Member is a consumer or person aggrieved by
28 Defendants' misconduct within the meaning of the above statutes.

1 144. To the extent applicable, each Defendant knew, intended, or should have known that
2 their fraudulent and deceptive acts, omissions, or concealment would induce reliance and that reliance
3 can be presumed under the circumstances. As a direct and proximate result of Defendants' unfair
4 methods of competition and unfair or deceptive acts or practices, Plaintiffs and other Class Members
5 have suffered damages— an ascertainable loss – in an amount to be proved at trial.
6

7 **SEVENTH CAUSE OF ACTION**
8 **UNJUST ENRICHMENT**
9 **(INDIVIDUALLY AND ON BEHALF OF THE CLASS)**

10 145. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
11 herein.

12 146. This cause of action is alleged on behalf of consumer Class Members against all
13 Defendants.

14 147. As alleged herein, Defendants were unjustly enriched at the expense of Plaintiffs and
15 other Class Members by virtue of the latter's paying for Defendants' MCDs.

16 148. Defendants profited immensely from introducing a carcinogen into the United States
17 for human consumption. On top of that, because Defendants' MCDs were adulterated and
18 misbranded, their distribution and sale in the United States was illegal.

19 149. Plaintiff and other Class Members were unjustly deprived of money obtained by
20 Defendants as a result of the improper amounts paid for Defendants' MCDs. It would be inequitable
21 and unconscionable for Defendants to retain the profit, benefit, and other compensation obtained from
22 Plaintiffs and other Class Members as a result of their wrongful conduct alleged in this Complaint.

23 150. Plaintiff and other Class Members are entitled to seek and do seek restitution from
24 Defendants as well as an order from this Court requiring disgorgement of all profits, benefits, and
25 other compensation obtained by Defendants by virtue of its wrongful conduct.
26
27
28

EIGHTH CAUSE OF ACTION
NEGLIGENCE
(INDIVIDUALLY AND ON BEHALF OF THE CLASS)

1
2
3 151. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
4 herein.

5 152. This cause of action is alleged on behalf of consumer Class Members against all
6 Defendants.

7
8 153. Each Defendant owed a duty to Plaintiffs and the Class to use and exercise reasonable
9 and due care in the manufacturing of its MCDs.

10 154. Each Defendant owed a duty to Plaintiffs and the Class to ensure that the MCDs it sold
11 in the United States were therapeutically equivalent to their RLDs and complied with cGMPs and
12 were not adulterated or misbranded.

13
14 155. Each Defendant owed a duty to care to Plaintiffs and the Class because they were the
15 foreseeable, reasonable, and probable user of MCDs and victim of each Defendant's fraudulent and
16 deceptive activities. Each Defendant knew, or should have known, that its MCDs were not
17 therapeutically equivalent to their RLDs and did not comply with cGMPs and were adulterated and
18 misbranded, and each was in the best position to uncover and remedy these shortcomings.

19 156. Each Defendant failed to do this. Each Defendant inadequately oversaw the
20 manufacture and sale of its own MCDs. Each Defendant knew that ignoring the manufacturing issues
21 surrounding its MCDs would damage Plaintiffs and the Class and increase its own profits.

22
23 157. Each Defendant maintained or should have maintained a special relationship with
24 Plaintiffs and the Class, as they were obligated to ensure that its MCDs complied with cGMPs and
25 was not adulterated or misbranded.

26 158. Each Defendant's own actions and inactions created a foreseeable risk of harm to
27 Plaintiffs and the Class. Each Defendant's misconduct included, but was not limited to, failing to
28 oversee actions taken in the manufacture and sale of its MCDs.

TENTH CAUSE OF ACTION
NEGLIGENCE PER SE
(INDIVIDUALLY AND ON BEHALF OF THE CLASS)

1
2
3 169. Plaintiff re-alleges and incorporates the preceding paragraphs as if fully set forth
4 herein.

5 170. As a proximate result of Defendants' acts and omissions, the Class is at an increased
6 risk of developing cancer above the normal base-level risk.

7
8 171. As alleged above, Defendants' MCDs were contaminated with NDMA and/or other
9 agents known to cause cancer in humans.

10 172. The Class Members may not develop cancer for many years.

11 173. The Class Members are at an increased risk as they consumed and/or ingested
12 Defendants' MCDs for extended periods of time, some as many as several years, and as a result were
13 exposed to a contaminant.

14
15 174. Upon information and belief, and based upon the internal and external investigations
16 now made public, the Class is at an increased risk as they were exposed to NDMA/NDEA.

17 175. NDMA is a hazardous, life-threatening, toxic substance that is known to cause cancer
18 in humans.

19 176. The Class Members are at an increased risk of cancer as they were exposed to,
20 consumed, and/or ingested Defendants' MCDs in quantities, and over periods of time sufficient to
21 establish an exposure level that is considered to be hazardous to health, and that is considered to be
22 sufficient to cause cancer or increase the risk of developing cancer.

23
24 177. The exposure was caused solely and proximately by Defendants' failure to adequately
25 manufacture their MCDs to be therapeutically equivalent; their failure to address discrepancies in
26 batches/doses of Metformin during quality control testing; their material misrepresentations, false
27 statements, and other deceptive practices in continuing to claim that their MCD product was safe for
28 consumption and/or ingestion and therapeutically equivalent to Diovan.

1 178. Defendants had a duty to the Class Members to: ensure and warrant that their MCD
2 product was indeed therapeutically equivalent to brand/RLD as claimed and advertised to the Class
3 Members; to disclose to the Class Members any defect, contamination, impurity or other potential
4 health hazard known or discoverable by Defendants; and to ensure that their MCD product was not
5 safe, reliable, and non-hazardous for human consumption—its intended purpose.
6

7 179. As alleged above, Defendants' own negligent acts and omissions resulted in cancer,
8 or an increased risk of developing cancer for all members of the Class. Cancer is a serious disease-
9 causing life-threatening illness and debilitating cellular, genetic, and physical injury. Technology,
10 analytical tools, test and/or monitoring procedures exist and are readily available to provide for the
11 testing and early detection of cancer in patients. These technologies, tools tests and/or monitoring
12 procedures are accepted and widely used by the scientific and medical community. These existing
13 scientific methods include, but are not limited to, guaiac-based fecal occult blood test (gFOBT), fecal
14 immunochemical test (FIT), FIT-DNA test, Flexible Sigmoidoscopy, Colonoscopy, and CT
15 Colonography (Virtual Colonoscopy).
16

17 180. Early detection of cancer in patients is one of the best, and sometimes the only means
18 to treat cancer such that it does not cause lasting, permanent injury, illness, or death.

19 181. Early detection of cancer in patients necessarily allows patients to avail themselves of
20 myriad forms of treatment, each of which is capable to altering the course of the illness, such as
21 bringing the cancer into remission, removal of any malignant tumors, and other treatment to alleviate
22 injury.
23

24 182. The tests and treatments for the early detection and treatment of cancer must be
25 prescribed by a qualified physician, and are conducted according to the latest, contemporary, and
26 widely accepted scientific principles. Because NDMA-associated cancer screenings may not be
27 conducted with the frequency necessary to identify cancer in the absence of exposure to NDMA, the
28 prescribed monitoring regime is different from that normally recommended in the absence of

1 exposure. Plaintiff and Class Members require more frequent screenings not within the purview of
2 routine medical exams.

3 183. The facts alleged above are sufficient or more than sufficient to plead a claim for
4 medical monitoring as a cause of action.

5 184. Plaintiff seeks, on behalf of himself and the Class Members whom the seeks to
6 represent, injunctive and monetary relief, including compensatory damages for, and the creation of a
7 fund to adequately finance the costs of, medical monitoring procedures (1) to notify and alert all
8 people exposed to NDMA or NDEA contaminants as aforesaid of their exposure and the potential
9 consequences, (2) to provide for necessary testing and screening including but not limited to blood
10 tests, physical examinations, imaging, colonoscopies, endoscopies, and other similar methods for
11 examination, biopsies, pathologic, histologic, and oncologic evaluations, oncologic, histologic,
12 surgical and other necessary medical consultations, (3) to provide for necessary medical and surgical
13 procedures for diagnosis and treatment, (4) to provide for all necessary evaluations and treatment,
14 attorneys' fees, costs, interest, and such further relief as the Court deems equitable and just.
15
16

17 185. This cause of action is alleged on behalf of consumer Class Members against all
18 Defendants.

19 186. Each Defendant owed a duty to Plaintiff and the Class to use and exercise reasonable
20 and due care in the manufacturing of its MCDs.

21 187. Each Defendant owed a duty to Plaintiff and the Class to ensure that the MCDs it sold
22 in the United States were therapeutically equivalent to their RLDs and complied with cGMPs and
23 were not adulterated or misbranded.
24

25 188. Each Defendant owed a duty to Plaintiff and the Class because each state, territory,
26 and possession has adopted /or adheres to federal cGMP and adulteration standards.
27

28 189. Each Defendant failed to comply with federal cGMPs and federal adulteration
standards.

1 190. As a result of each Defendant's failures to do so, each Defendant's own actions and
2 inactions created a foreseeable risk of harm to Plaintiff and the Class.

3 **191.** As a direct and proximate result of each Defendant's negligent conduct, Plaintiff and
4 the Class have suffered injury and are entitled to damages in an amount to be proven at trial.
5

6
7 **JURY DEMAND**

8 Plaintiff respectfully requests a trial by jury on all causes of action so triable.

9 **PRAYER FOR RELIEF**

10 WHEREFORE, Plaintiff prays for the following judgment:

- 11 A. An Order certifying this Action as a class action;
- 12 B. An Order appointing Plaintiff as Class Representative, and appointing undersigned
13 counsel as Class Counsel to represent the Class;
- 14 C. A Declaration that Defendants are liable pursuant to each and every one of the above-
15 enumerated causes of action;
- 16 D. An Order awarding appropriate preliminary and/or final injunctive relief against the
17 conduct of Defendants described herein;
- 18 E. Payment to Plaintiffs and Class Members of all damages, exemplary or punitive
19 damages, and/or restitution associated with the conduct for all causes of action in an amount to be
20 proven at trial, including but not limited to the full amounts paid or reimbursed for the MCDs; the
21 costs to replace or return MCDs because of recalls; Defendants' ill-gotten gains; and/or the increases
22 in the amounts paid for non-adulterated, non-misbranded, MCDs in the wake of the recalls;
- 23 F. An award of attorneys' fees, expert witness fees, and costs, as provided by applicable
24 law and/or as would be reasonable from any recovery of monies recovered for or benefits bestowed
25 on the Class Members;
- 26 G. An award of statutory penalties to the extent available;
- 27
28

1 H. Interest as provided by law, including but not limited to pre-judgment and post-
2 judgment interest as provided by rule or statute; and

3 I. Such other and further relief as this Court may deem just, equitable, or proper.
4
